Description of Journal

- JoPAR is an online journal covering all aspects of nature conservation.
- JoPAR's mission is to publish an international, scientific, quality, and original journal, to provide access to current research to stakeholders, and to raise awareness of nature/environmental protection.
- JoPAR aims to stop the degradation of the planet's natural environment, protect it and build a future where people live in harmony with nature.
- There are no article submission or publishing fees for authors on JoPAR; Also, there are no shipping fees or page fees.
- The journal uses the double-blind peer-review process.
- JoPAR has adopted the policy of providing open access with its publication. Open access has beneficial results for humanity by increasing the global exchange of knowledge. In this regard, our magazine supports the Budapest Open Access Initiative, which was accepted on September 12, 2012. The policies determined within the scope of the Budapest Open Access Initiative can be accessed at <https://www.budapestopenaccessinitiative.org/boai-10translations/turkish-translation>.
- All works published in the journal comply with the provisions of the "YÖK Scientific Research and Publication Ethics Directive" and the relevant legislation and ethical principles published by the Publication Ethics Committee (COPE). ETHICS COMMITTEE PERMISSION will be mandatory for articles to be published in the journal, for publications starting in 2020.
